

# Feed-in Tariff Monthly Dashboard

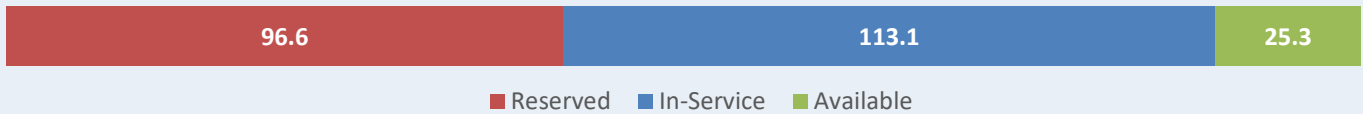

DECEMBER 2024

LADWP currently administers the largest and most generous FIT program of any municipal utility in the nation. In addition to meeting state and local renewable energy mandates, the FiT program also serves as a catalyst for the renewable energy industry in creating jobs and opportunities for Angelenos.

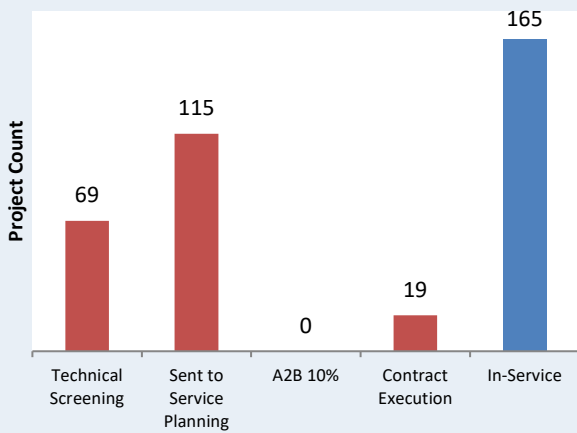

## At a Glance

203 Projects Reserved (96.6 MW) | 165 Projects In-Service (113.1 MW) | 25.3 MW Remaining
